Acknowledgements

I owe my inspiration for this book to the scientists of the world, the activists, the social workers, educators, farmers, business people, laborers, artists, housewives, parents, students, and media people who are actively trying to avert the rapidly approaching Point of No Return. A heartfelt thanks to all of you who commented on or edited the manuscripts.

For Lucy
Herself a Great Mystery

"You must physically travel yet again, and at times you may be faced with difficult, even perilous, situations. However, you will be watched over by an Angel or Angels, perhaps even the Archangel Gabriel, the one who is prophesied to rule over Armageddon."
